

# Wairere Ram Booking Form 2023 -24

Name: \_\_\_\_\_

Email: \_\_\_\_\_

**Proven  
Predictable  
Profitable**

Part of a line of 104 rams, November 2017, headed to Wairoa/Gisborne.

Congrats to all of you who scanned well despite a poor autumn in some areas.

For many years a few rams have sold at elite level, by private request. The elite price bracket is restricted to the top five percent (one in twenty) of rams available.

## Wairere two teeths for sale in November 2023 *(Please tick)*

**Nudies:** An estimated 100 Purebred Nudies, and 80 Brazillians (3/4 nudie) will be auctioned on March 1. First cross Nudies will be sold on farm in early March: an estimated 150 out of FE resilient ewes, 200 out of bare Romney ewes, 150 out of Tufguy ewes. Secure your booking now. List name and email at top if you'd like photos/videos of Nudies from September-February.

**Please fill out and return by 20th September 2023**

Scan or photograph booking form and email to admin@wairereram.com.nz or mail Wairere RD6 Masterton.

# Success breeds success

Part of a line of 104 rams, November 2017, headed to Wairoa/Gisborne.

## Wairere Allrounder (Romney) Proven Predictable Profitable

The 3 point selection difference: 1. Ewe hoggets have to be tup marked to be retained...58 years of breeding for early maturity and easycare. 2. No ewes have been drenched since 2005, except two tooth occasionally. 3. All stock, including lambs, are run in large mobs at a high stocking rate. This selection pressure under commercial conditions has made the Wairere Romney the Number One choice for New Zealand farmers since 1987. We also have a bare breech/points option.

## Wairere Challenger

(FE resilient. Sires tested at .55-.6 sporidesmin.)

### Resilience plus performance

Facial eczema resilience combined with the renowned Wairere Romney for all of the benefits of hogget performance, high lambing percentage and extra weaning weight, The Wairere Challenger is becoming increasingly popular.

## Wairere Tufguy

(½ Romney, ½ Texel)

### Tufguy for tough conditions

The Tufguy is a great combination of the proven Wairere Romney with all of its maternal qualities, and the carcase attributes of the Texel.

## Wairere Nudie

### No wool No shearing No shedding

In April 2023 Wairere implanted 478 Hair sheep embryos and 1,500 semen straws from the UK. Plus mated purebred Nudie ram lambs to ewes and ewe hoggets, including Nudie ew hoggets and Streaker (first cross) ewe hoggets. The first cross include mating to Wairere FE resilient ewes, to Tufguys, and to bare pointed Romneys. Streaker two tooth rams will be available in November. Ram lamb sires will be available in late February/early March.

## Wairere Multiplier (Composite Maternal) Low risk, high performance

The Wairere Romney with its great maternal background, combined with the Texel for carcase qualities and extra constitution, along with the Finn for superior prolificacy, is backed up by extra milk and growth from the East Friesian to complete the package.

## Wairere Merino SmartSheep (Romney/Merino Halfbred)

### For high priced meat and wool

Wairere Merino fills a niche in the drier country of the South Island. The stabilised breed mix brings the robust constitution, good feet, high lambing percentage and high growth rate of the Romney. The Wairere Merino ewe flock in 2022 clipped 23 micron, the ewe hoggets 21.3.

## Wairere Dominator (Composite terminal) Meating the market

The Wairere Dominator has been developed since 2003 by combining the best of New Zealand's terminal breeds to create a composite terminal. Important attributes required by our clients are high survival of lambs at birth, strong constitution, good longevity, sound feet and a black face for easy identification.
